

Introducing changes ...

Welcome to Autumn, and our new-style PatientNEWS. Needing to save on costs, and bring you important information quickly, this is our first edition. We will produce it more often so we can bring you important information at the right time. Using two pages, rather than the four you are used to, we will print on demand to save waste. This means if anything changes or needs updating, we can do it quickly too. We will also put each edition on the website so you can see it at any time to suit you. Please bear with us though as we learn and let us know what you think and would like to see.

You may have also seen we have a screen in the practice next to Reception. We will be keeping it updated with relevant health information and practice news. Please have a look next time you are in the practice and let us know what you think.

Jill Wadsworth

Would you like to join us?!

If you are a patient of Bingley Medical Practice, and feel you would like to join us, or for more information, please contact

jillwadsworth@hotmail.com or
telephone 07543 9343016

Save the Date

If you are eligible for a flu/Pneumovax/Covid vaccination you will receive a text and information to book your appointment.

Sessions this year will take place on Saturday morning 5 October 2024 and Monday evening 7 October 2024.

Bingley Medical Centre 01274 568383

Back by popular request

One of the questions we are regularly asked is if we can reinstate the children's play area in the waiting area of the practice.

So we did. Our chair, Jill Wadsworth, organised for the lovely and popular toys you see in this photo to be bought and placed in the waiting area.

Please let us know what your little ones think?

If you have any other feedback we are always happy for you to complete a form and put it in the Patient Participation Group's box in the waiting area. If we can, we will.

Learn CPR and save a life

Cardiopulmonary resuscitation (CPR) is an emergency procedure providing chest compressions for a person in cardiac arrest.

Our PPG provide FREE CPR training courses at our practice, each one lasting around an hour. If you are interested in attending one of these please leave your name and contact details with Reception.

Our next courses will be held at 18.00 on:

Monday 14 October and Monday 11 November

Hoping to see you at one of these sessions.

All ages and abilities welcome.

Men's Health Event

We will be holding a Men's Health evening on Mon 11th November, starting at 6pm. Please come along to learn more about men's physical and mental health issues from clinicians, PPG members and local organisations. Advice and support will be available on topics such as prostate and testicular health, men's mental health and reducing the risk developing cardiovascular disease. Everyone is welcome.
